PROFESSIONAL SUMMARY

Computer Science undergraduate specializing in Artificial Intelligence and Machine Learning with strong skills in Python, SQL, and web development. Experienced in building machine learning models and web applications through academic projects and internships. Seeking internship opportunities to apply technical skills and contribute to real-world software solutions.

TECHNICAL SKILLS

- **Programming:** Python, SQL
- **Web Development:** HTML, CSS, JavaScript
- **Frameworks & Libraries:** React.js, Node.js, Express.js, Flask, Streamlit
- **Databases:** MySQL, MongoDB
- **Machine Learning:** Data Preprocessing, Predictive Modeling, Naive Bayes, Model Evaluation
- **Tools & Platforms:** Git, GitHub, VS Code, Jupyter Notebook, Google Colab
- **Core Concepts:** Data Structures, Object-Oriented Programming (OOP), Database Management Systems, Computer Networks
- **Soft Skills:** Problem Solving, Teamwork, Communication

EDUCATION

- **B. Tech in Computer Science and Engineering (Artificial Intelligence & Machine Learning)**
Gayatri Vidya Parishad College of Engineering for Women | 2023 – 2027
CGPA: 8.42
Relevant Coursework: Machine Learning, Deep Learning, Data Structures, Database Systems, Computer Networks, Cloud Technologies, Web Development
- **Intermediate (MPC)**
Narayana Junior College | 2021 – 2023

PROJECTS

- **CareerLens – AI Placement Readiness Analyzer (Python, AI, Web) – Ongoing**
Developing an AI-powered system that analyzes student skills, resumes, and projects to evaluate placement readiness and provide personalized improvement suggestions.
- **Customer Churn Prediction (Python, Machine Learning, Streamlit)**
GitHub: <https://github.com/neelimagedela/Customer-churn-prediction.git>
Developed a machine learning model using the Telco Customer Churn dataset to predict customer retention and built an interactive Streamlit interface for real-time predictions and data analysis.
- **AI-Driven Automatic Volume Adjustment (Python, Machine Learning, Flask)**

GitHub: <https://github.com/neelimagedela/Automatic-volume-adjustment.git>

Built an AI-based system that automatically adjusts device volume based on environmental noise levels using machine learning and Flask for real-time processing.

- **Spam Email Detection (Python, Machine Learning, Naive Bayes)**

GitHub: <https://github.com/neelimagedela/Spam-Detection-ML.git>

Developed a spam classification model using the Naive Bayes algorithm with data preprocessing and feature extraction techniques.

- **Mock Interview Bot (Python, Streamlit, NLP-Based Evaluation)**

GitHub: https://github.com/neelimagedela/mock_interview_bot.git

Developed an interactive mock interview system that presents technical, HR, and aptitude questions and evaluates responses using text similarity techniques to provide feedback and scoring.

- **Personal Portfolio Website (React.js, JavaScript, HTML, CSS)**

Live: <https://my-portfolio-six-theta-75.vercel.app/>

GitHub: https://github.com/neelimagedela/My_Portfolio.git

Built a responsive portfolio website to showcase projects, technical skills, and development experience.

INTERSHIPS

- **Full Stack Web Development Intern – Sure Trust (Ongoing):**

Developing web applications using modern frontend and backend technologies.

- **Google AI & Machine Learning Virtual Intern – EduSkills:**

Gained hands-on experience in AI/ML concepts, data preprocessing, and model building.

- **AWS Cloud Virtual Intern – EduSkills:**

Learned cloud fundamentals and core AWS services for cloud deployment.

- **SQL & Database Management Intern – EduSkills:**

Practiced SQL queries, database design, and relational database management.

- **AI & Prompt Engineering Intern – VaultofCodes (AICTE Portal):**

Explored AI tools and prompt engineering techniques for AI-based applications.

CERTIFICATIONS

- Python Essentials 1 & 2 – Cisco Networking Academy
- The Joy of Computing Using Python – NPTEL
- Web Application Development using Node.js & MongoDB – Infosys Springboard

ACTIVITIES

- Member of the AI/ML Club at Gayatri Vidya Parishad College of Engineering for Women
- Practiced programming and problem-solving through coding challenges and personal projects

LANGUAGES

- English – Proficient
- Telugu – Native
